

Parent Testimonial

Barkers Vale Primary School has a wonderful team of caring and engaging educators. They provide a safe, supported, fun and rich learning environment for students to explore and flourish in. Our daughter has been enrolled since kindergarten and it's been a joy to see how much she loves going to school and the connections she has formed.

Student Testimonial

I like playing with my friends and doing school work, like writing sentences and tracing. Matilda

Student Testimonial

I've been here since Kindy and there have been a lot of amazing teachers that have come in over the years. I think the school has grown in terms of sport, garden, art and music e.g. we just installed motion censored cameras to capture the animals in our school at night like feather tail gliders. The school itself is beautiful and the people are amazing too. When I walk around the playground, I see lot's of smiles and friend groups. Xavier

More information to support your child starting school can be found at:
